Check your time limits!

Each Degree Program has a time limit for completing the degree!

Please make sure you are aware of the time limits that are present for each degree program. The Graduate Catalog policy explains these clearly. If you believe your program has a different time limit than what is stated in the catalog, please speak with your program director immediately. If you need longer than the allowed time limit, you must request an extension PRIOR to running out of time. Your program director requests the extension on your behalf. Consult with your program director with any questions about time limits. You run the risk of having to repeat courses that are out-of-date if you go over time limits!

If you are a PI (primary investigator) on a study or listed on the research team of any ePIRATE submission, it is YOUR responsibility to CLOSE studies in ePIRATE. Make sure your thesis, dissertation, capstone or other research projects are CLOSED before you leave Greenville after graduation.

TUTORIAL on Closing Research Studies

Getting Started with Research at ECU

There are mandatory research training modules that a student must complete before doing any research at ECU. To register and take the mandatory IRB training modules, go to the Collaborative Institutional Training Initiative (CITI) website. The link for the CITI website is http://www.citiprogram.org. Please note that the required training is the BASIC COURSE in the PROTECTION OF HUMAN RESEARCH SUBJECTS. Investigators will choose to take this course as a Biomedical (Group 1) or a Social/Behavioral (Group 2) investigator. (The courses on the Responsible Conduct of Research also available on the CITI site are NOT required).

These training modules must be renewed every 3 years by completing the Refresher Course. The UMCIRB (ECU’s IRB committee) does not send out certificates of completion. All those completing the education modules should print out their
SUBMITTING & PRINTING YOUR THESIS or DISSERTATION

- Your thesis or dissertation is not “finished” until it is uploaded using VIREO & approved by the Graduate School. The Graduate School will notify the Registrar when accepted for graduation.
- VIREO is an online portal for uploading your thesis or dissertation. (Click on logo)
- Students should review VIREO and attend on-campus tutorials.
- Your document must be uploaded by the deadline posted. Graduation can be deferred to later semesters if you miss that published deadline.
- If you want a bound copy of your document, you must order it on your own after graduation at commercial binderies such as thesisondemand.com

www.ecu.edu/gradschool
FINAL DAY TO UPLOAD YOUR DISSERTATION OR THESIS FOR SUMMER GRADUATION IS JULY 15, 2016 AT 5:00 PM EST

SUBMISSIONS AFTER THIS DATE AND TIME ARE NOT GUARANTEED SUMMER GRADUATION. This may require you to register for at least 1 credit in Fall, 2016. Speak with your committee early in Summer to ensure that you are able to upload your document quickly after your defense. Most students typically revise their document for 2 weeks after their defense, for example.

In addition, once you upload it, you may be required to make changes per Graduate School requirements.

Don’t forget to include your IRB or IACUC approval letters as APPENDIX A.
