

**Dual Degree Program Request
To Be Completed and Submitted by the Graduate Program Directors**

General Guidelines

1. The [Dual Degree policy](#) is in the Graduate Catalog with specific sections for *individualized* programs and *formal* programs. This form is used to request either type of a program. Individualized programs are designed specifically for one student. Formal programs are published in the Graduate Catalog and are not individualized.
2. **Dual degrees must be graduated in the same term because of the shared credits.** If the student does not want to have the degrees granted in the same semester, dual degree is not the appropriate option.

Student Information

Student Name		Date of Request	
Banner ID		Email	
Degree 1 & Program Name		Degree 2 & Program Name
